

SUMMER SCHOOL OF SAMARA STATE AEROSPACE UNIVERSITY HIGH-TECHNOLOGY MANAGEMENT

Duration of the course: July 25, 2016 to July 30, 2016
Application Deadline: June 03, 2016

The Economics and Management Department of Samara State Aerospace University (SSAU) is launching its 2016 High Technology Management (HTM) Summer School. We have a very exciting offer of high technology projects commercialization study, combined with tours to SSAU research laboratories and a cultural programme. This course is open to all ambitious management/engineer students.

Participants will choose their project theme according to any of the laboratories they attend and form a group of 4-5 people. The group will research, analyse and present on the theme, receiving support from SSAU faculty and our outstanding research facilities.

The summer school consists of lecture and lab sessions on the following 4 blocks:

- Project management;
- Intellectual property management;
- Marketing of high-technology products;
- Risk management.

The final exam is a group presentation of a high-technology commercialization project in the following fields of SSAU research:

- Nanosatellites;
- Magnetic pulse stamping technologies;
- Biophotonics;
- Thermoacoustics.

Teaching takes place at SSAU campus, 5 minutes-walk from an accommodation. Courses involve a daily 3-hour lecture and an afternoon seminar or practical computer class. A cultural programme contains a tour around Samara including Stalin's bunker.

Upon completion of the course, all participants are provided with a certificate. Participants who take the final exam are also provided with an official academic transcript to allow students to transfer credit, if desired.

Language Requirements: English

Class Size: 15 - 20 students

Average % of International Students: around 90%

Credits or certification after course completion: SSAU certificate, 3.5 ECTS

Cost: free, including tuition, accommodation, meals, social and cultural programme.

Entrance fee US \$200. For 7 students entrance fee is free.

Application Requirements:

- Undergraduate degree
- Motivation letter
